RE: DOCKET No. 2004-0463 CALORIES

Please refer to Mr. Antonio Zamora's communication of 04-04-05 concerning "Total Calories" statements on food labels. We fully agree that the practice of ignoring ingredients (that frequently are stated in illegible small letters on colored backgrounds) is a completely misleading way to provide "total calorie" information that is urgently needed by persons intent on achieving weight control.

Ted M. Miller, Director
